GIRLS ONLY SUMMER CAMP!!

With an emphasis on music and art, Girl Smart is a fun day-camp designed to promote curiosity in science, technology, engineering, and math for middle school girls.

Activities Include:

- Constructing a scale model community from balsa wood
- Designing and building a robot
- Learning the math behind design, science and music
- Field trips
- Creating with new friends

Monday-Thursday July 7 - 17th, 2014
