

# The Center for Science Education at Emmanuel College

## SERVICE OPPORTUNITY

Science Majors, Are You Interested In Serving As a Science Ambassador?

### ***What is the Science Ambassador Program?***

The Science Ambassador Program partners Emmanuel College science majors with a neighborhood K-8 school that serves a high proportion of students who are underrepresented in the science fields. Science Ambassadors assist science teachers in the school by organizing and preparing hands-on materials, finding creative and interesting ways of engaging students in science, and being a facilitator in class discussions and science demonstrations. Science Ambassadors serve as mentors for youth in the community.

### ***What schools do Science Ambassadors serve?***

Science Ambassadors are assigned to local k-8 schools that serve a high proportion of students who are underrepresented in the science fields.

### ***What is the time commitment?***

Students will make 3 to 4 visits to a k-8 school.

### ***How many Science Ambassadors will be selected?***

Four Science Ambassadors will be selected in spring 2011

### ***Who is eligible?***

The Science Ambassador Program is open to Emmanuel College science majors of advanced standing (e.g., juniors or seniors).

### ***What are the benefits?***

Science Ambassadors will receive a certificate of recognition to be awarded May 2011.

### ***How do I apply?***

Applications are available from Diane Bissaro [bissardi@emmanuel.edu](mailto:bissardi@emmanuel.edu)

Applications to be submitted to the Education Department ADM 422 by **4:00 pm February 24, 2011**
